

An aerial architectural rendering of a large-scale urban development. The scene features several multi-story residential or commercial buildings with modern architectural styles, including flat roofs and large windows. A prominent feature is a large, winding waterway or canal that flows through the center of the development. The waterway is bordered by landscaped areas with palm trees, other tropical vegetation, and small structures. Numerous parking lots filled with cars are visible throughout the development. The overall atmosphere is one of a planned, integrated community.

A PLACE WHERE UNITY EMPOWERS THE ENTIRE COMMUNITY

The Embassy District

Built around people again.

**Every day, families navigate systems
never designed for true human flourishing.**

THE PROBLEM

Housing Health School Work Care Belonging

Scattered across an entire city.

THE COST

Surviving instead of being present.

Crisis instead of care.

Isolation instead of belonging.

And people begin to ask:

Where is God in all of this?

We believe there is a better way.

Live. Serve. Grow. Carry one another.

**What would "Unity"
within our communities look like?**

Everything a family needs.
Within walking distance.

An aerial architectural rendering of 'The Embassy District' development. The scene shows a cluster of modern, multi-story residential and commercial buildings with colorful facades. A large, winding waterway with a fountain and palm trees runs through the center. In the foreground, a large, low-rise building with a curved roof and a playground area is visible. The background features a flat, arid landscape with some distant structures and palm trees. The text 'This is' is written in orange above the main title, and 'The Embassy District' is written in large white letters across the center. A road runs along the bottom right, and a body of water is visible in the bottom right corner.

This is

The Embassy District

**One community.
One ecosystem.
A parallel government.**

Not a replacement for public government.

**A community that accepts responsibility
for the people who call it home.**

We stop asking families to connect the pieces.

We build the pieces to work together.

THE MASTER PLAN

Designed to work as one.

THE EMBASSY DISTRICT

THE DISTRICT

Live

Stable homes

Learn

A strong start

Heal

Care before crisis

Worship

Faith in action

Gather

Neighbors become family

Build

Local opportunity

Opportunity doesn't just knock.
It lives next door.

OUR JOURNEY

An aerial architectural rendering of a large-scale urban development. The scene features several multi-story buildings with modern architectural styles, including flat roofs and large windows. A prominent feature is a large, irregularly shaped body of water, possibly a lake or a large pond, which is surrounded by landscaped areas with trees and walkways. To the left, there are extensive parking lots filled with cars. The overall atmosphere is one of a planned, modern community.

Today

Approvals. Preparation. Momentum.

2027

Break ground.

An architectural rendering of a modern urban promenade. The scene features a wide, paved walkway lined with tall palm trees on the left. On the right, a building with a large glass facade and a wooden slat roof is visible. Several people are walking along the path, and a yellow directory sign stands near the building. The sky is clear and blue.

A better future is within our reach.
Support the vision.

Built around people again.
